**WE'RE FOR AMERICA AMERICANS!**

Mr. McKinley staid at home and the people went to him. Mr. Bryan traveled all over the country and the people staid at home—on election day.

It wasn't the "cross of gold" that beat Bryan, but it was the cross under the log cabin that is now pressing a "crown of thorns" on his majestic brow.

A DISPATCH from New York says 20,000 traveling men will leave there this week, and Boston reports the same number. This business begins to boom all along the line since the election of McKinley.

The Illinois Steel Works at Chicago have resumed work on account of the Republican victory. The Company gives employment to 2,500 men. These are the shops being opened to American workmen since McKinley's election.

DURING October there was an increase of \$7,000,000 in the public debt. Just wait till McKinley is President and the Republican Congress passes a Tariff Law, and then you'll see the public debt decrease—and you won't see it do so sooner.

OVER \$10,000 in gold coin was distributed among the employees of the Niles Tool Works Co. at Hamilton, O., Wednesday night. This is the first payroll the Niles Co. has met in gold coin for many months, and the mysterious yellow metal that the silversites had talked so much about was received with enthusiasm among the shop men. Thus it is that the money that had been driven under cover by the threat of free coinage of silver comes out to gladden the workmen of America since the election of McKinley.

BRICE, HIGBER & Co. of Pittsburgh have arranged to start their glass plant next Monday, and PHILLIPS & Co. gave orders to have their factory ready for operation at once. Thus the factories are being opened for American workmen since the election of McKinley.

THERE has been a decided increase in the price of Irish potatoes. The crop is said to be 50,000,000 bushels short. Some of our growers who sold a large portion of their crop two weeks since at 20 cents per bushel have since been offered 35 cents—Lexington Gazette.

That's strange.  
The claim that a short crop or limited production should increase prices is in direct contradiction to the statements given by every Popocratic newspaper and stumper during the recent campaign.

When the price of silver is \$1.29 per ounce the commercial value of the gold dollar and the silver dollar are equal.

Silver is now worth 60 cents an ounce, and the silver dollar is therefore worth about 51 cents commercially.

The free silverites, with the late Mr. Bryan at their head, tried to make the farmers believe that the unlimited production of silver bullion and its free coinage into dollars would result in increasing the price of the silver bullion from 60 cents an ounce to \$1.29 an ounce.

If this were true, the shortage of the potato crop ought to lessen the price of potatoes, and a surplus crop ought to increase prices.

In other words, if one-half the farmers of Massachusetts raise potatoes next year and the price falls to 15 cents a bushel, and the next year all the farmers of the country raise potatoes the price will be raised to 30 cents a bushel.

**MASON COUNTY'S VOICE.**

Orangeburg	116	46	50

Samuel G. Raymond	16	21
John Rose	2	2

At Howe's Tollgate a vote was taken to prevent cattle running at large, when the "Fors" cast 86 votes and the "Againsts" 56 votes.

BRICE, HIGBER & Co. of Pittsburgh have arranged to start their glass plant next Monday, and PHILLIPS & Co. gave orders to have their factory ready for operation at once. Thus the factories are being opened for American workmen since the election of McKinley.

THE officials of the Citizens National Bank, Cincinnati, were surprised and pleased beyond measure Wednesday morning when a prominent citizen, whose name is withheld, walked into the bank and deposited \$5,000 in gold coin. This is Confidence restored since the election of McKinley.

ORDERS were issued Thursday for the immediate resumption of the Hoop Iron Mill of PAINTER & SONS, Pittsburgh, and the continuous mill of JONES & LAUGHLIN, the two concerns giving employment to about 500 men. Thus the Mills are being opened for American workmen since the election of McKinley.

THE 600 employees of the Pennsylvania Railroad Shop at Walls, Pa., who have been working eight hours a day, five days a week, have been notified that hereafter they will have ten hours a day for seven days a week. They are paid by the hour. Thus the shops are being opened for American workmen since the election of McKinley.

**CROWD TOO SOON!**  
A Mount Orest Killer Man Who Ought to Wake Up!  
The Robertson Advance, printed at Mt. Oliver, comes out under date of November 5th—two days after everybody else had heard the election news—with a lot of rot of this sort:  
**RYAN ELECTED!**  

And Without a Scratch From the Eagle's Claws Walks Over Its Corpses to the White House.

"Let the heavens rejoice and let the earth be glad; let the sea roar and the fulness thereof." For the eagle talons of England are torn loose from every American citizen, and we have demonstrated by this act we are made of as good stuff as our forefathers.

Old Kentucky falls in line with a majority of 15,000.  
May carry Ohio 10,000, Illinois, Nebraska, California, Colorado, Oregon, Tennessee, Missouri and Washington.

It is impossible to say how many states will follow, but the estimate for Bryan is sufficient to give him 251 Electoral votes.

If you want to share in the prosperity that will follow the restoration of Confidence, just try an advertisement in THE LEDGER. It will work wonders.

"Biggest Tom" Howell, for many years the terror of Manchester and vicinity, has at last reached the end of his tether; for a recent period at least. Judge Davis sentenced him to the penitentiary for five years for shooting Marshal Masters at Manchester last summer.

Judge W. B. Fleming of Louisville, who has held the office of Chief of the Law and Record Division of the Supervising Architect's Office in the Treasury Department, has been dismissed from service.  
The Darlington, Wis., Journal says editorially of a popular patent medicine: "We know from experience that Chamberlain's Colic, Cholera and Diarrhoea Remedy is all that is claimed for it, as on two occasions it stopped excruciating pains and possibly saved us from an untimely grave. We would not rest easy over night without it in the house." This remedy undoubtedly saves more pain and suffering than any other medicine in the world. Every family should keep it in the house, for it is sure to be needed sooner or later. For sale by J. James Wood, Druggist.

**ONE OLD CITIZEN'S VIEW.**

Editor Ledger: The most astonishing thing to me in the campaign just closed is that any man could be found outside of the lunatic asylum to vote for Mr. Bryan for President of the United States, who was pledged if elected to put into practice the dangerous heresies set forth in the Chicago platform; but thank God the people of this country have not descended the lunacy ladder that far yet, and I don't think they ever will.

One of Zistel Bros' gill-netting sailboats, with three men aboard, Henry Mayer, Jacob, and George Voigt, is missing and believed to have been lost. The men have families and are well known here. Half a dozen other fish boats were upset and damaged. Capt. Moore, of the tug Monk, picked up the crew of a capsized fish boat just as the occupants were ready to give up. The tug Monk picked up the crew of several boats. Four lighters, owned by John Stang, of Lorain, and engaged at the government pier, have been blown to the bottom in the bay and two have gone down the lake. One of the latter capsized and rolled overboard, carrying machinery. Damage to shipping and fishing interests will foot up many thousands of dollars. She saw three men, but was unable to give assistance on account of the tremendous seas.

His mules were crushed to death. The boat became a total wreck. The steamer City of Buffalo made her last Thursday night. The lower Niagara river has been storm-swept, as has rarely happened before. The water has risen two feet. Trolley and steam cars are run with difficulty and peril.

After two days and nights' tireless trailing and reconnoitering, Hatfield was found in a small rural road fort in the mountains, which was used by their faction as a place of refuge during their troubles in the McCoy, of Kentucky, six years ago.

Hatfield and his son are charged with the murder of John Rutherford, Elliott Rutherford and John Chambers. Dan killed John Rutherford.

## KENTUCKY ELECTION.

It Will Take the Official Count to Determine the Result.

LOUISVILLE, Ky., Nov. 7.—It will take the official count to determine the result to the result in Kentucky. The last newspaper figures place McKinley's plurality in the state at 633. The official count by counties, about complete outside of this Jefferson county, which will not be finished for four or five days, owing to the large vote, but the figures are not obtainable at this late hour. The state returning board will meet three weeks from Tuesday to pass on the count by counties.

Kash and Smith, the first electors on the republican and democratic tickets are running against each other, about even on the official count, and no matter which way the state goes the electoral vote is going to be divided, that is, if the republicans carry the state they will get 12 electors and the democrats one and vice versa. If the democrats carry the state, the result will be a large number of voteless electors, the name of the first elector, instead of under the party designation, the evident intention of the state, the result is an interesting question in regard to votes.

The republicans were very chippy Friday night. John Roberts, chairman of the state, said: "We have received official returns from all except 27 counties. We have trustworthy returns from the 110 counties of the state show 433 plurality for McKinley. We are perfectly satisfied that we have carried the state. I am waiting on further official returns and expect to send Maj. McKinley a telegram before midnight. I consider the democratic one electoral vote, owing to the failure of voters to stamp their ballots correctly."

As the official returns came in Friday night, the democratic one electoral vote, the result of the election is going to stand 13 to 1. In some counties the head of the electoral ticket, the other 12 by more than a hundred votes.

Several other men had their summer's wages, \$400 a piece, with them, and two men had \$1,000 each, and were coming to St. Johns to make purchases. All were more or less closely related. The police are arranging to cause the arrest of the "Tribuna's" crew at Sydney, on a charge of manslaughter. The government is caring for the survivors.
